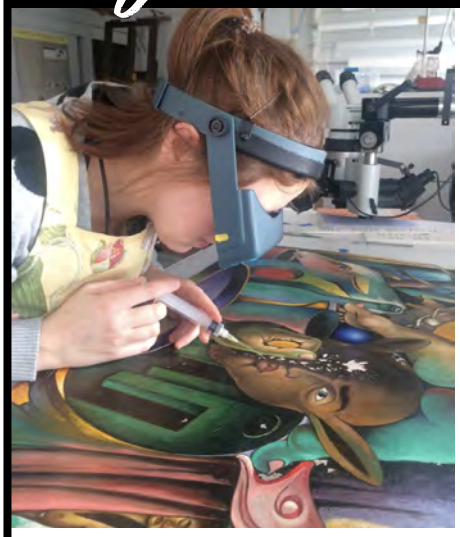
# Garman Art Conservation Department



**Please consider a donation to one of the following Department initiatives:**

**Linton Vincent Tuition Scholarship Fund**
*Colleges across the country and going through a very difficult time and while Buffalo State has been very generous in helping to support our students with tuition scholarships for the past 10 years, this funding is now being cut. Without full tuition scholarships, our students will have large tuition bills that they are responsible for. The Linton Vincent fund was set up to help students with this pressing need. All funds will go towards student tuition costs so they will not have to take out loans to cover this increasing expense.*

**50th Anniversary Graduate Student Fellowship Fund**
*Our students depend solely on their fellowships to support their studies and it is our goal to fully fund them through the department's graduate student fellowship endowment fund. This fund was set up to honor the department's 50th anniversary in 2020 and supports graduate student fellowships.*

**F. Christopher Tahk Fellowship** *(Director from 1983-2004)*
*Chris' primary focus was the welfare of his students, and the ability of the program to provide the necessary financial support to them. The Tahk Fellowship supports summer conservation projects and/or for specialized studies in objects conservation undertaken throughout the year.*

**Dan Kushel Fellowship**
*In honor of Dan Kushel's 34 years of teaching in our department as Professor of Examination/Documentation, this fellowship supports students in our department, particularly ones with a specific interest in technical examination and documentation.*
